Introduction

Ok so this is my very first story and well I'm kinda learning so please be patient

(W/c) your warrior cat name

(R/n) your rogue cat name

(F/c) your fur color

(E/c) Your eye color

And I have a few ocs in here as your friends or cats who like you so please enjoy now then let's jump into it...

" (W/c) get up its time for us to leave" a tom mewed prodding you in the side. "already" you groaned as u blinked the sleep from your eyes you rose to your paws and padded toward the entrance to the Warriors den when u stepped on some cats tail " WATCH WERE YOUR GOING " the tom snapped "Well I wouldn't of stepped on your tail if it wasn't all over the den" you hissed padding out of the den. You padded toward Firestar, GrayStripe, and Burntsoul. "Hurry up (W/c)" BurntSoul mewed lashing his tail impatiently " I'm coming " you mumbled bounding up to them. You followed Firestar out of camp, Burntsoul's fur brushing yours every so often. You reached the border between Thunder clan and Shadow clan. "Hey look what we have here so high and mighty ThunderClan Cats" Snickered one, A tall black tom with white paws and a gray stripe down his back mewed " Hurry up I want to get to

camp before Tiger Star gets upset " The rest of the patrol glared at the Thunder clan cats and turned and head d toward their camp. " Stupid fur balls" you mewed to BurntSoul. BurntSoul looked at you and mewed " Can I talk to you later" you looked at him a bit confused then mewed " Sure " Firestar turned back toward the camp " I'm gonna go hunt some " You mewed as the patrol was about to walk through the entrance " I don't thinks that a good Idea at the moment " Firestar mewed You glared at your leader/Kin " I'll be fine it's not like I'm going to go Fox hunting" you mewed your tail lashing impatiently.

" Fine just hurry back okay" FireStar mewed as he turned and padded through the entrance with GrayStripe close behind him. BurntSoul turned toward you and mewed " Do you mind if I come with you" You looked at BurntSoul and mewed " Yes I do mind and honestly I going to go and hunt alone I don't need you up my but very moment" you turned and stalked off thinking of all the cats who look down on you just because you were the weakest in your litter " But I'm not the Weakest any more " your hissed then you notice that you weren't standing on soft grass you looked down at your paws seeing that the ground was black you looked up and noticed a group of cats in front of you one was a tall strong looking tom with a scarred muzzle and then another was a small dark brown tabby She cat and there were several others but they were hiding in the shadows glaring at you. You glared back looking from one cat to another. " Well well well look at what we have here Scourge will be pleased with this She cat " The tall Black tom mewed as he took a step forward. You took a step back every time he came forward you then bump into a wall and realized you were trapped you stared at the cats unsheathing your claws The black tom leaped on you. You turned on your stomach and tried to kick him off he was just to heavy he the dropped his weight on you. You tried to bite his neck he placed his paw on your neck you squirmed. He raked his claws down your side and bit your neck you layed still knowing that you wouldn't be able to get him off of you. he then jumped up and grabbed you by the scruff carrying you like a kit and padded down an alley way with the others following him. he dropped you in front of a dumpster and mewed holding a paw down on your neck ignoring you attempts to bite him " Scourge I have a gift for you " He mewed. A Small black time with a white

sock an a Icy Blue gaze filled with hate and desire slid out from under the dumpster He looked at you and then looked at the tom and mewed " So this is one of those forest cats" You noticed he had a purple collar with dog teeth on it you shiver and squirmed trying to get free but then you froze as the small tom that was called Scourg looked at you. " How would you like to join bloodClan " he mewed you glared at him and hissed " I would never join your Mouse-Brained Clan" you then finely managed to bite at the tall toms paw he jumped back and licked his paw. You dashed away from the cats tryouts not to get home but Scourge leapt on you pinning you down and mewed " You will join bloodClan even if you don't want to" he mewed unsheathing his claws and running then down my side where the other tom had making the wound deeper you winced " Now will you join my Clan or should I torture you some more" He mewed. " i ... W-will not... Join.... Your clan " you hissed Scourge then got up and mewed loudly " How about BloodClan Goes and Attacks The Forest cat". " Noooo Don't " You yowled then added " I'll do whatever you want just don't attack them" he looked at you and mewed " Whatever I want huh" You shivered hoping he wouldn't make you do something terrible " Get up I have decided what I want you to do" he mewed. You rose to your paws trying to sit up straight .

BurntSouls Pov

he wondered around camp hoping that (W/c) Wasn't hurt he padded up to Firestar who was about to send out a patrol to find (W/c) " Firestar can I join the patrol to find (W/c) " he mewed looking at Firestar " No you need to stay in Camp " He mewed BurntSoul dipped his head and turned his tail trailing behind him as he head d toward the Warriors Den.

Your Pov

" You will join Blood Clan as my Mate" He mewed you looked at him with a shocked expression you couldn't believe what you just heard " You may go back to you Clan but if you aren't back here by the next moonrise I will come after you and I will destroy your clan" He mewed. he turned and padded away and slid back under neath his Dumpster you stared at the cats around and realized they were just as shocked as you were. You stood up and limped back to

the forest still trying to figure out what just happened. You Heard voices and dived under a bush as Cats padded past you you relized that it was GrayStripe FireStar CloudTail and SandStorm. You crawled out from under the bush looking at the patrol. " (W/c) What happened to you! " Firestar mewed as he looked at you. You had several wounds on you but the worst one was on your side.

His Love

Firestar and CloudTail had supported you back to camp while SandStorm ran ahead to get cinder pelt you were in the center of camp having you clan mates staring at you with shocked expressions some of them where asking Gray Stripe and the rest of the patrol when they didn't even know what happened you shivered as you thought about Cinderpelt bounded up toward with a bundle of herbs she flicked her tail as if trying shoo away her clan mates you looked at her your eyes clouded with pain as you let her tend to your wounds " Firestar CloudTail help me bring (W/c) Back to my den " Cindpelt mewed and turned and back back to her den with the rest of her bundle you rose to your paws and let CloudTail and Firestar help you to Cindpelts den.

You woke up to feeling paws on you side you looked at the paws and relized it was Cinderpelt " I'm glad your awake" She mewed a hint of concern in her tone. " Cinderpelt can you get FireStar I'd like to tell him what happened just so that there..... Prepared" You mewed as you uncurled yourself and layed you head on yours paw " Alright I'll be right and Don't Move" Cindpelts mewed limping out of her den Firestar Padded inside with GrayStripe following him then Cinderpelt limped in and sat down by you. You started to explain what happened to you you then stopped and mewed " ..... He told me I would Join BloodClan a-as h-his ..... m-m-mate" Firestar looked at GrayStripe then back at you he opened his mouth to say something but you continued with your story.. You looked at your paws as you mewed " He said that if I didn't come back by Moon Rise then he would lead his clan here and destroy ThunderClan" Firestar's pelt bristled as he jumped up and mewed "

Thanks for telling us this (W/c)" he padded out with GrayStripe behind him. You rose to your paws " You shouldnt get up yet you might reopen your wounds " Cinderpelt mewed. " But if I don't leave now Scourge may think that he will have to go to war and I don't want ThunderClan to be Attacked " you mewed as you remember How many cats there were in Blood Clan you limped out of Cinderpelts den and toward the entrance when BurntSoul came bounding up to you " Hey (w/c) can we talk for a moment " he mewed you looked at him and then looked at the sky and mewed " sure I have some time to talk" BurntSoul led you out of camp and turned the sunning rocks he sat down and you sat down in front of him and mewed " what is it that you wanted to talk to me about" he looked at you then mewed " (W/c) Will you be my Mate " Before you could respond he was on top of you giving you a serious look you looked at him trying to think of an answer

Denial

Guess whose up on top

" Burnt Soul I-I Can't be your mate I'm sorry " You mewed wiggling out from under the tom. He looked at you his eyes clouded with pain. " Oh it's okay I guess it is true that you like Firestar" You stared at him and mewed " Firestar is my Kin " (Fire star is your half brother you two share the same mother but different fathers so you aren't related to Scourge) He looked at you then turned and padded to camp his tail dragging behind him. You watched him leave a sudden pain in your chest " (W/N) Don't go after him you have to go find Scourge " You mewed to yourself. ~+~. ***Time Skip brought to u by a sad Burnt Toast*** *(Burnt Soul)* ~+~.

U turned and padded away thinking about what had happened u saw the alley way where u had first met Scourge and his clan u sighed and padded into the alley way disappearing into the shadows.

Why?!?!

You padded down the alleyway every fiber of your being telling you to turn back and run for your life. You suddenly stopped as you saw the lean black tom with blazing blue eyes. " Glad you could make it. I was about after you but I guess I don't have to any more." He mewed. You looked at him your eyes dull and almost lifeless. They then sparked with fury and rage "***Why are you doing this? Why are you threatening me and my clan? Why do you want me so much!?!?!***" You hissed unable to to keep your thought to yourself. " You should know why. I want you by my side again." He mewed his cold icy blue gaze shifted to one with sorrow and warmth as he looked at you. "Again? What do you mean I've never met you" He looked down regret written all over his face.

I know this is a really short chappy but I felt bad that I haven't posted anything in forever so I decided to write this short chap..... I'm so so so so so sorry

The truth & Apologies

"It Happened when we were young.... When you were still a Kittypet." He mewed sitting down his tail curling neatly around his paws. You sat making sure to keep your distance. "When we still belonged to Two-legs we had made a promise that one day we would become mates and run away." He mewed glancing at you. Your (E/c) Gaze locked with his Icy one. He decided to continue. "But before that happened we decided that we would go and run away after what i had told you."

'~ FlashBack~'

"Tiny! We should Runaway together and live in the forest! then we wont have to worry about anything!" You Chirped. Your Eyes glowed with determination. "B-But wont the f-forest cats eat us?" The Black Tom Kit Squeaked. "They Wont Lay a Paw on us! I Promise!" You Declared.

You Hit the tree with a thud blood dripping from your muzzle. "(Kp/n)!" Tiny Squeaked in fear. "Heh. Stupid Kitty pet" The tom mewed licking his paw flinching when his tongue reached the gap in his paw where one of his claws were. He turned toward the smaller tom. "Your Turn" He mewed licking his lips. "D-Dont touch him!" You Screeched as you launched yourself onto the tom's back. He screeched in surprise before throwing you off. "You Mouse-brained Kittypet your gonna pay for that!" He screeched and lunging toward only to stop right in front of you hearing another voice. "TigerPaw Thats enough! We dont waste our time with kits." The Small Blue-ish She commanded. TigerPaw hissed under his breath before mewing "Fine."

He turned and followed the She. "(Kp/n)! Are you okay? " The tom squeaked. "Y-yeah im Fine" You Chirped trying to Reassure your friend.

'~Another small timeskip~'

"Scourge, I-i think im going to join one of the clans." You Mewed looking at the Lean Tom. His head whipped back to look at you his Icy Gaze softening as he realizing it was you. "What Do you Mean, (R/n)?" You too a deep Breathe Your (E/c) Gaze Locking with his. "I Said im Leaving... Im Tired of seeing This, This Place and This Cruel Tom Who I Once Loved" His eyes widen in shock. "(R-r/n) Why? A-are you not happy here! And what do you mean By 'Onced Loved'?" Your gaze Softened Slightly. "Good-Bye Scourge" You mewed turning around and walking away. "(R/N)!!!" He screeched Hoping you would turn back and run into him. You glanced back at him Before turning your gaze back onto the path in front of you.

~Present Time~

Your Gaze Widened as you remembered how you ended up into the clan, And the feelings you had onced Felt. "(R/n) I-im Sorry, Im Sorry For driving you away! Im Sorry F-for Not going After you! I-im S-o So S-sorry.. " He trailed off his gaze shifted to his paws as he didnt dare to look at the She he had Loved. You Rose to your paws and padded toward him. You Rubbed your head against his and plopped down your tail slightly cupping his. "You Dont have to Apologize." His eyes widen slightly in surprise. "Can i Tell you something? I never stopped loving you even when i forgot. I Somehow knew that i was in love with another Tom." He shifted to where his gaze was locked with yours. "T-then Come back to me." You Shook your head. "Scourge I Love Clan Life in the forest." "I Understand but what about us?" He mewed his eyes clouded with rejection. "We'll Become mates, Thats What we'll Do!" You Chirped. "W-what!?! But y-you Sa-" You Cut him off. "Ill Just sneak away at night to come and see you."

The End is Near, Isnt It? -(W/n)

We did exactly what I had said, We became Mates.

Our love was Sweet and filled with Promises that We Knew couldn't be kept, He was going to attack the Clans, and Claim the forest as his own.

But It didn't go as planned he had been killed after getting revenge on TigerStar, He ended up dying, Right in front of you.

It couldn't be Helped.

You Didn't Even get the Chance to Share your wonderful news with him.

You had planned on telling him after the Battle was over.

You had Faith that he would return to you, Safe and Sound.

But StarClan must of cursed you.

They must of Thought your relationship was....

Was...

a disgrace as they cursed your Mate to Death.

You couldn't Hate StarClan for taking away your Mate.

But you weren't happy either.

You weren't Happy you couldn't tell him....

Tell Him...

He would of Been a Father.

Maybe it was for the best, Your Kits wouldnt have to grow up in a dark place like BloodClan.

Yet you knew you wouldn't be able to let them know anything about BloodClan.

Your ClanMates that new about your problem with the Blood Clan leader were suspicious that your Kits would of been his. and they were Right, they were his. One Happened to be an exact copy of your Mate, You Decided to name him TinyKit seeing as nobody would know about Scourge's Previous name before he became Scourge. You Had another Tom, His pelt was dark yet the markings on it were yours. and lastly you had a She, Her pelt was similar to yours, She had a single white paw like her father and Blue eyes like him as well.

"(W/n) W-Whose's K-Kits are these?" FireStar's Voice Shook as he looked at his beloved Kin, as she nursed her kits. "Surely, FireStar you know Whose's they are" She had murmured, Sharply. Her eyes held grief as she looked at her kits, she couldn't bare to bring her gaze toward the tom that had killed **Her Mate**, ***Her Love***, ***Her Kits Father***.

~Time Skipple!~ A Few Moons~

Your Kits were happily running around camp, as they explored every part of it. Of course you made sure they stayed within your line of sight as they explored. TinyKit was Happily chasing after the Apprentices, while ElmKit was happily following His Little Sister, BlueKit. You enjoyed watching them running around, Wondering if they would of been the same if Scourge was still alive.

Alive..

The Word rung in your head sadly as you thought about your dead Mate. One day you would see eachother again. Even if you had to do something incredibly Mouse-Brained to get to Him. You'd

Happily do it, You'd Happily wonder around the DarkForest with him. If it Meant you could see him Again.

I Feel bad for the Sucky ending, and how short it is but I've been meaning to end this for a long time and i Feel like some of you are going to hate me for ending it like this but to be honest I've Lost interest in the Warrior Cat series at the moment.
